The indoor range is open to all members every Monday night starting at 7:00 to 9:00 pm. "Novice Night" is held on Wednesdays from 7:00 to 9:00 pm. .22 calibers only, except on the 4th Monday at which time center fire firearms may be used as long as the projectile is lead and travels under 800 fps. Anyone who is going to shoot center fire pistols on the Indoor Range will need to prove to the acting Range Officer that the rounds they are using are 800 fps or slower. Friends of the NRA:

Next years will be our 10th Annual Banquet for the Friends of the NRA. We have it scheduled for February 16th, 2013. This year's banquet went off without a hitch and we raised an estimated \$13,000. If you are interested please see Jan or Joe Wolford after the meeting.

Old Business:

Everyone is encouraged to keep an eye out for property. Goals for a new range were discussed and a short list was comprised of

1. Long Term Lease or Purchase
2. Long Range, 600 to 1200 yards
3. Fund Raiser
4. Sell Interest Free \$500.00 - \$1000.00 notes.

We are in hopes to make progress soon. We have had a few places come up and the 1st few hurdles cleared without issues then something trips us up and we are back to square one. We are doing our best and need every ones help. It doesn't matter how crazy your idea is please bring it to the table. Any Ideas are more then welcomed. At this point in time there are no hair brained ideas so please let us know. We have been in contact with an attorney and are working on the progression of changing our tax code and other bits and pieces.

For the coming year Club Dues have been reduced to \$35.00. This will be in effect until we find a new outdoor range.
