

The Dalles Rifle & Pistol Club Regular Club Meeting Minutes

July 8, 2015

Called to order at 7:00 pm

Regular Club Meeting Minutes: Were NOT posted to <http://thedallesrifleandpistolclub.com>, until late.

Treasures Report: Floyd Baskins made a motion to accept the Treasures Report with a second from Dan Brophy and passed with a voice vote. Treasures Report is open for review by any club member in good standings.

Indoor Range Report: Shooting is slow due to shortage of .22 ammo.

The ice machine upstairs leaked over a weekend and did cause some damage to the indoor range. At this time there are only 5 lanes available but all lanes should be open within a week or 2.

Kathleen's Grant to The Friends of the NRA covered the wall board and vacuum. There is still a short fall of \$11,000 but ODF&W has been applied for also. Kathleen and Zach are looking for people for a work party. Please talk with them for more info.

Indoor Range hours are Monday & Wednesday from 6:30 pm to 8:00 pm unless otherwise posted. The Last Monday of the month is set aside for Large Caliber Hand Guns. Ammunition will need to be tested by a Range Officer, has to be under 800fps and will not damage backstop. This WILL NOT BE up for discussion. Target funds have been turned in and Pistol Targets will need to be purchased before long.

Adult Handgun Class: There is a class running now. Next class will be in October.

Hunter Ed: July 11, 2015 will be a home study Eval and July 25 will be the home study Eval for Bow. This was the last class of the year. Please sign up with ODF&W as classes fill quickly, Please go the <http://www.dfw.state.or.us/> for more details.

Friends of the NRA: 1st weekend in April. For more info please contact Joe Wolford at (541) 993-1856 or Jasen Tennison at (541) 980-6865.

2015 Grants need to be turned in by Mid October so if you are interested in writing or helping please contact Kathleen Pimley.

Old Business: Need to do an inventory of Club Stuff. We also need to keep better track of what is used. Tim Sipe made a motion to form a committee to do Inventory with a second from Hugh Flint and passing with a voice vote.

Ed Goodman will put a list of For Sale Items for the members.

A Board will need to be created for Club Business.

Membership Committee will need to be in place due to the possible flood of new people to and or back to the club. Members many need to pass a background check and there may be a limit of members.

We have been approved to manage the outdoor range. We will have a 10 year lease with 1 year renew every year. Either party can terminate with a 90 day notice.

There will be zero discrimination but we can toss unsafe people off the range.

Proposed fees will be \$8 entry and \$1 per firearm and \$1 for lead abatement for non-members. The range will be open 8 hours per week to the public with limited access. Club members will have full access.

This will be a "Manned Range" meaning there will be a Range Officer whenever there is shooting on the range. We will need to have NRA Certified Range Officers, if interested please contact Jim Pimley or Tim Sipe. If we do not get enough people to be Range Officers will need to hire someone which will mean an LLC. 40 or 50 Range Officers would be ideal.

Law Enforcement Officers will have their own area and will not need a Club Range Officer.

Lead and Noise studies are still being worked on.

The goal is to have a 20 point, 300 yard range. This is the 1st phase with Pistol Bays following.

This is a big project with a lot left to do before we are able to use but progress is being made.

The County will be covering all building costs. We will cover power, trash, ect. with the fees taken.

Zach Worth made a motion to make our Lawyer a "Life Time Member" in The Dalles Rifle and Pistol Club

New Business: Outdoor Range continues. Next meeting with the County will be in August. More info at the September Meeting. County is working hard on many projects which seem to be slowing the range down a bit.

Meeting with the Lawyer tomorrow and will have more info at the September Meeting.

Next Club Meeting will be on September 9, 2015. Please come to pay dues and hear the newest details of the proposed outdoor range.

Meeting was adjured at 7:32pm

NEXT MEETING September 9, 2015
